Profile

Results-oriented and creative , content writer and AI prompt engineer who enjoys bringing ideas to life as engaging digital content. I've written engaging, SEO-optimized content that increased clicks and conversions and I've created precise AI prompts that generated beautiful images and clever automation.

I'm inspired by creativity and clarity, and I enjoy distilling difficult concepts into engaging writing.Experienced in AI tools, content strategy, Content Writing, storytelling, and prompt design.

Employment History

Graphics Designer/AI Prompt Engineer, Gamenic Nalamiz Tech., liwali-8,Bhaktapur

OCTOBER 2024 — APRIL 2025

- Utilized software like Adobe Photoshop, Illustrator, and Figma to create visually appealing digital assets for marketing, mobile, and web spaces.
- By creating accurate language prompts for applications like MidJourney and DALL·E, high-quality AI-designed images were developed, ensuring the output was project-targeted and aligned with brand style.
- Worked alongside design and development teams to make AI-assisted creative processes more efficient and reliable.
- Applied consistent and visually pleasing design standards by maintaining brand consistency across all visual elements.
- Tested and experimented novel AI tools and prompting methods to improve design performance and inspire creative thinking in visual storytelling.

Content Writer, Falano College, Chabahil

AUGUST 2021 — PRESENT

- Researched and created informative and engaging content focused on +2 level education in Nepal.
- Wrote articles on various +2 streams and courses to guide prospective students.
- Compiled and formatted past year question papers and developed clear, accurate solutions.
- Ensured SEO optimization and clarity to enhance user engagement and accessibility.
- Verified that information on the website was correct, clear, and consistent.
- Improved website visibility and readability with search engine optimization and user interaction.

Education

Bachelor, St. Lawrence College, Chabahil

MARCH 2021 — JUNE 2025

I am currently studying in the 8th semester of the Bachelor of Science in Computer Science and Information Technology (BSc.CSIT) program at Tribhuvan University(TU) . Throughout the course, I have gained knowledge and practical experience in programming, database management, software engineering, networking, and web development.
